Cyber Security Service

Protection is a need and the protection of our customers is a must for Milano Teleport. Cyber Shield, our dynamic, fully-integrated cyber security module, is an innovative purpose-built security layer offered on top of VSAT services. Cyber Shield relies on the ultimate security technologies by Palo Alto Networks® and, once implemented, provides a safe port against exposure to cyber threats.

- > Threats are intercepted as soon these are created
- > Optional management and maintenance by our NOC
